Bensalem Business Association Welcomes Ralph Douglass and Teri Mayberry

The mission of the Just for the Kids Education Foundation is to promote and encourage innovative learning opportunities by raising funds, soliciting business partnerships, and pursuing and awarding funds

for classroom projects that will enhance and expand educational experiences for the students of the Bensalem Township School District.

The Just for the Kids Education Foundation, formed in 1996, is an independent non-profit organization through which individuals, businesses and grant-making organizations can support educational programs and new initiatives.

Our public schools are one of the biggest investments we can make in our community and in the future of Bensalem's children.

To Quote Ben Franklin:
"An investment in knowledge pays the best interest."

We believe that young children learn and grow best when they are provided with a safe and nurturing environment. In order for children to develop a positive self-image, it is our goal to help children develop routines of observation, questioning, and listening. We encourage children to be active thinkers, and to learn through experimentation and expression. Using real materials through play helps children develop intellectual skills and creative abilities that will last a lifetime.

Respectful, open and continuous cooperation with parents/guardians, teachers and staff is crucial to the success of any early childhood development program. Our goal is to ensure our children grow through play and imagination in a safe and nurturing environment. Following these beliefs will help our children develop physically, socially, emotionally and intellectually.

Location:

The Early Learning Children's Academy
3525 Hulmeville Road
Bensalem, PA 19020

Your first meeting is free, and if you are a new business in Bensalem, your first calendar year is free!
